

AWAKENING  
A GENERATION

**4-14**  
**DAY of PRAYER**  
TOGETHER FOR OUR CHILDREN AND YOUTH  
AROUND THE WORLD

**13<sup>TH</sup>  
JUNE  
2021**

## For the Safety and Security of our Children

Lets pray that COVID-19 would not hit these innocent souls, as daily statistics show there are a lot of kids being severely affected leading to death.

## For the Education of our Children

Lets pray that their educational standards may not decline due to the online/ virtual education and that the educational field may continue to progress in this challenging environment.

# For ensuring that Christian values are not lost from our generations

---

Lets Pray that in such a time as this when there are no in person Sunday Schools, churches or other activities, our children may receive sound Christian education and develop values.

## For Christian Mission Agencies and NGOs

---

Lets Pray for organizations that function to spiritually nourish the children and youth along with those NGOs that promote and endeavour for their social welfare.

For providing our children with diligence and discretion to use  
the digital facilities wisely

---

Lets pray that our children may not be trapped in the rapidly expanding world of social media and that God may provide them with grace to use the online media with prudence.

Thank for joining us in Prayer
